

DIPTEROCARPS

OF KABILI-SEPILOK FOREST RESERVE, SABAH

A total of 65 out of the 182 Dipterocarpaceae species found in Sabah is recorded in this forest reserve, of which 55% are listed in the Red List threatened category. In this poster, samples of the leafy branches with flowers or fruits of 49 species are depicted.

Anisoptera

1. *A. costata* (Pengiran kesat) **EN**

Cotylelobium

2. *C. melanoxyton* (Resak tempurung) **LC**

Dipterocarpus

3. *D. acutangulus* (Keruing merkah) **EN**
4. *D. applanatus* (Keruing daun besar) **VU** **
5. *D. caudiferus* (Keruing putih) **NT** **
6. *D. confertus* (Keruing kobis) **NT** **
7. *D. gracilis* (Keruing kesat) **VU**
8. *D. grandiflorus* (Keruing belimbing) **EN**
9. *D. humeratus* (Keruing kerukup) **NT**
10. *D. kerrii* (Keruing gondol) **EN**
11. *D. kunstleri* (Keruing rapak) **CR**

Dryobalanops

12. *D. lanceolata* (Kapur paji) **LC** **

Hopea

13. *H. beccariana* (Selangan penak) **VU**
14. *H. sangal* (Gagil) **VU**
15. *H. semicuneata* (Selangan batu jantan) **EN**

Parashorea

16. *P. malaanonan* (Urut mata daun licin) **LC**
17. *P. tomentella* (Urut mata beludu) **LC** **

Shorea

18. *S. acuminatissima* (Seraya kuning runcing) **VU** **
19. *S. agamii* (Melapi agama) **NT** **
20. *S. almon* (Seraya kerukup) **NT**
21. *S. argentifolia* (Seraya daun mas) **LC** **
22. *S. atrinervosa* (Selangan batu hitam) **VU**
23. *S. beccariana* (Seraya langgai) **LC** **
24. *S. confusa* (Melapi sulang saling) **VU** **
25. *S. faguetiana* (Seraya kuning siput) **EN**
26. *S. falciferoides* (Selangan batu laut) **CR** **
27. *S. foxworthyi* (Selangan batu bersisik) **VU**
28. *S. gibbosa* (Seraya kuning gajah) **CR**
29. *S. guiso* (Selangan batu merah) **VU**
30. *S. hopeifolia* (Seraya kuning jantan) **CR**
31. *S. johorensis* (Seraya majau) **CR**
32. *S. leprosula* (Seraya tembaga) **NT**
33. *S. macrophylla* (Kawang jantung) **LC** **
34. *S. mecistopteryx* (Kawang burung) **VU** **
35. *S. multiflora* (Banjutana) **LC**
36. *S. parvifolia* (Seraya punai) **LC**
37. *S. pauciflora* (Oba suluk) **EN**
38. *S. seminis* (Selangan batu terendak) **LC**
39. *S. smithiana* (Seraya timbau) **VU** **
40. *S. superba* (Selangan batu daun halus) **VU** **
41. *S. symingtonii* (Melapi kuning) **VU** *
42. *S. waltonii* (Seraya kelabu) **NT** *
43. *S. xanthophylla* (Seraya kuning barun) **NT** **

Vatica

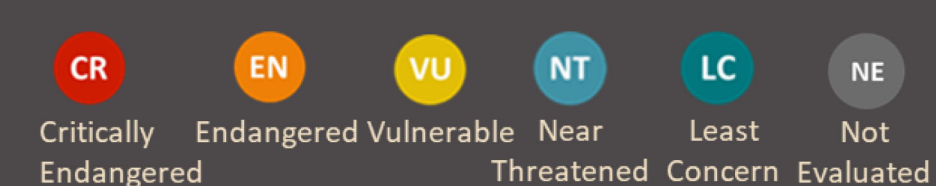

44. *V. micrantha* (Resak bulu) **LC** **
45. *V. nitens* (Resak daun panjang) **EN**
46. *V. oblongifolia* (Resak daun panjang) **LC** **
47. *V. rassak* (Resak) **LC**
48. *V. sarawakensis* (Resak daun besar) **VU** **
49. *V. umbonata* (Resak air) **LC**

The list of 16 species that are not included in this poster:

1. *Dipterocarpus palembanicus* (Keruing palembang) **NE**
2. *H. aequalis* (Selangan sama) **EN** **
3. *H. dyeri* (Selangan daun halus) **NE**
4. *H. ferruginea* (Selangan mata kucing) **CR**
5. *H. nervosa* (Selangan jangkang) **CR**
6. *H. pentanervia* (Selangan lima urat) **VU** **
7. *H. plagata* **CR**
8. *H. rudiformis* (Selangan jangkang) **CR** **
9. *S. exelliptica* (Selangan batu tembaga) **NT**
10. *S. hypoleuca* (Selangan batu kelabu) **VU** **
11. *S. macroptera* (Seraya melantai) **LC** **
12. *S. mujongensis* **VU** **
13. *S. parvistipulata* (Seraya lupa) **LC** **
14. *S. polyandra* (Seraya kuning Quoin) **VU** **
15. *S. scrobiculata* (Selangan batu kurap) **NE**
16. *V. dulitensis* (Resak bukit) **NT** **

Notes:

* = Species that are endemic to Sabah
 ** = Species that are endemic to Borneo

Threatened
